

# Lighthouse Adds Director of Student Wellness

Lighthouse Families,

We are so excited and blessed to announce Daleena HarkerReid as a new administrator on our campus. She has nearly 30 years of experience serving as a counselor, educator, and behavior specialist. Her objective is to counsel, instruct, facilitate, support, and encourage each student to obtain optimal social and emotional health, along with behavioral and academic development.

At Lighthouse, Mrs. HarkerReid will serve as Director of Student Wellness to support the number of needs among students spanning K-12 through learning and behavioral support, developing academic plans, and offering Christ-centered counseling. In elementary, she will also lead our literacy intervention tool in Systematic Instruction in Phonological awareness, Phonics, and Sight words (SIPPS) as well as additional available and appropriate therapies. For secondary, she will guide students through personal academic plans to ensure their progression towards their next steps beyond high school.

Daleena carries degrees in human development, educational counseling, and pupil psychology to establish her expertise, and has experience in Christian and public school settings. Her vast background will certainly bring a new level of student support to Lighthouse that should encourage all families. Mrs. HarkerReid will take great pride in caring for Lion students and she adds a level of depth to the overall educational experience at Lighthouse. Her son, Noah, will be joining Lighthouse as a junior.

*Lighthouse Christian School is a discipleship school, committed to the spiritual, intellectual, physical, social, and emotional development of students. The purpose of the school is to provide a biblically-integrated instructional program in a disciplined environment that encourages spiritual commitment and academic excellence.*
