

ALL Lighthouse Christian School events will be ntoed on our new calendar system. This will serve as a valuable tool for you to stay current with all that is happening in the life of our school.

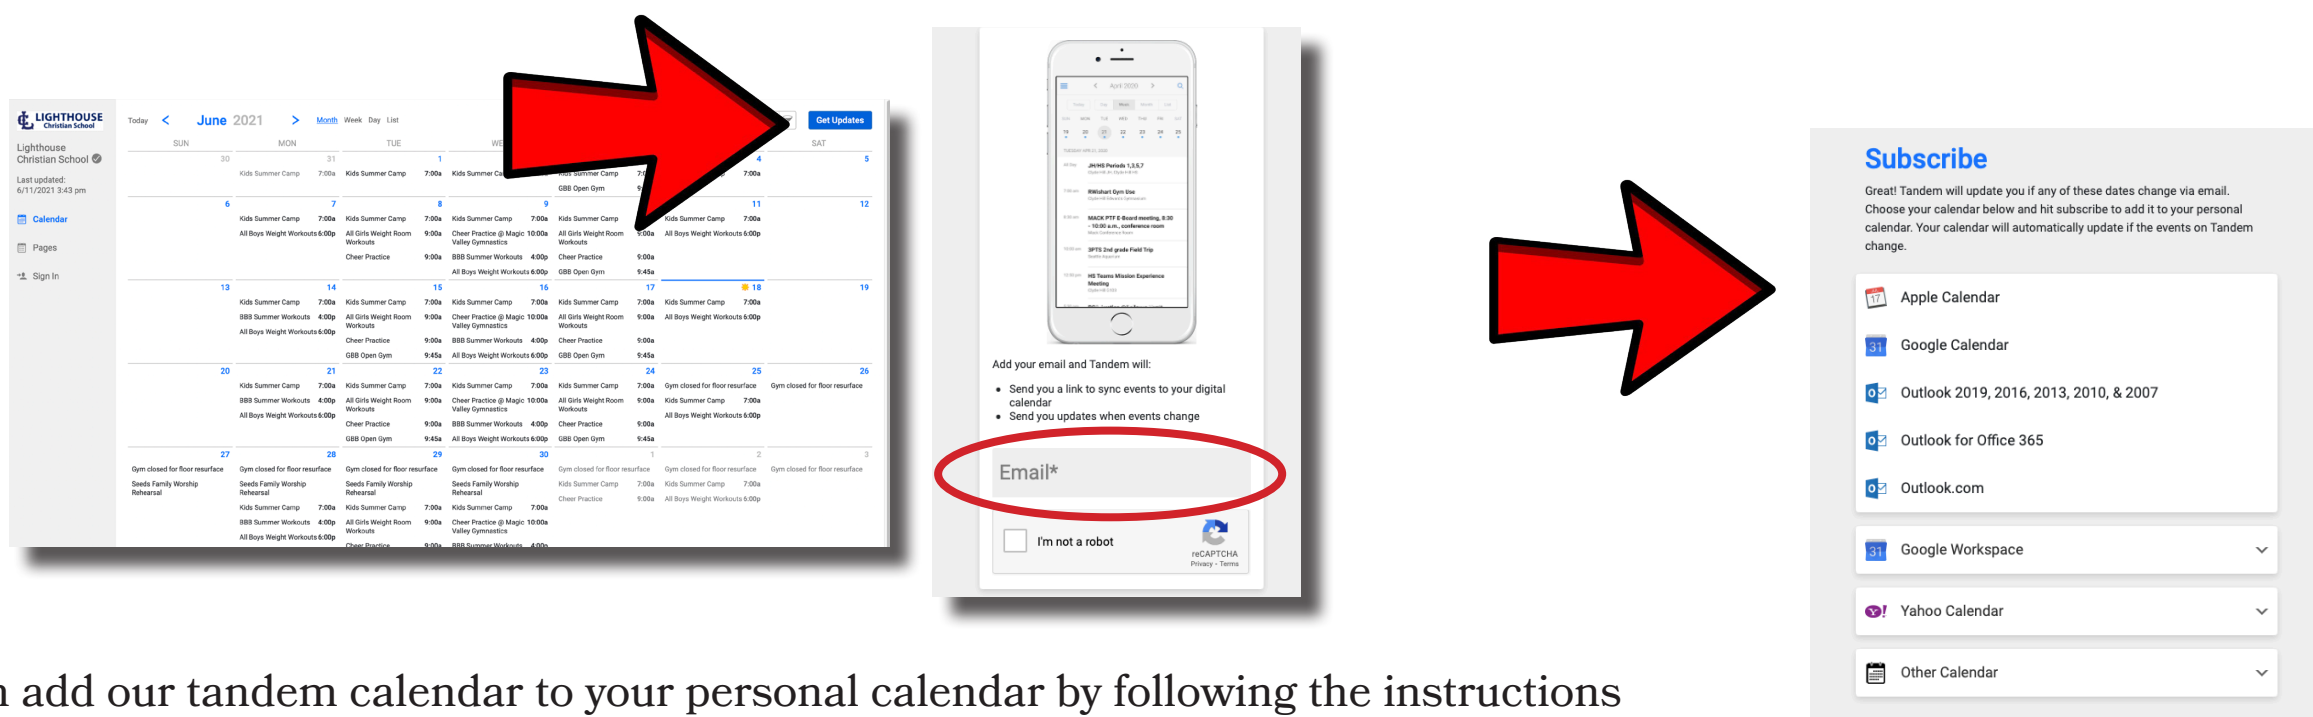

Here are a few tips to best use our new calendar system:

1. The calendar can be accessed through the lighthousecs.org website - under “Students / Parents” > 2021-2022 School Calendar.

** A new website will be launched prior to the start of the school year, but the calendar will be just as easy to access!*

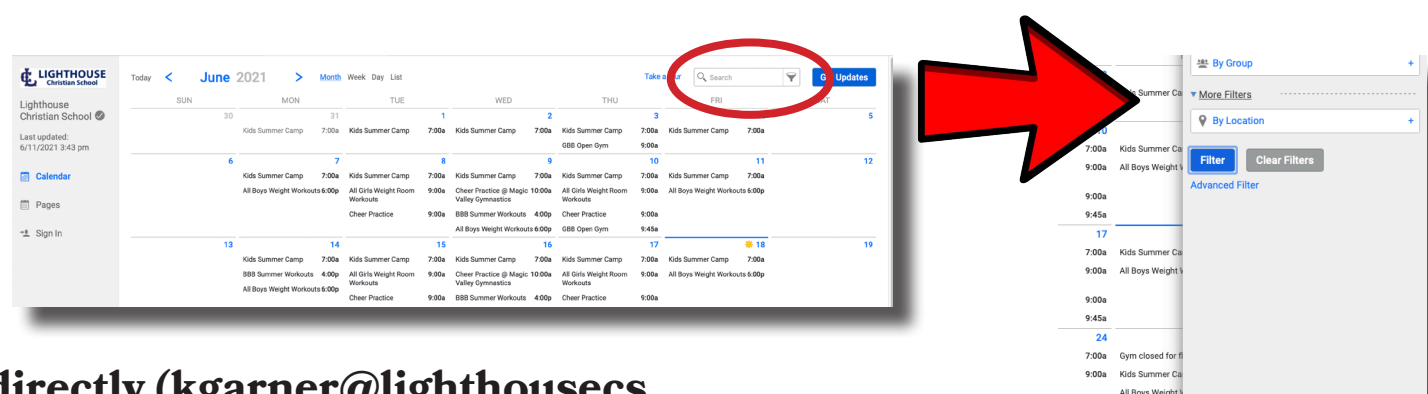

2. Once the calendar is open you will see all activities happening for Lighthouse Christian School. Select “Get Updates” to subscribe to the calendar. Once you enter your email address, Tandem will update you if any dates change via email.

3. You can add our tandem calendar to your personal calendar by following the instructions of #2 and then selecting the calendar you want to integrate with - Apple, google, outlook, etc. (it will email you a link to do this as well).

4. Once logged into the calendar, you can also filter the events you see based on the interest of your student / family.

5. If you have ANY questions - feel free to reach out to us directly (kgarner@lighthousecs.org). We are here to ensure that you stay up-to-date with all the latest at Lighthouse Christian School!
